---

Can we provide descriptions for all photos? I also don't think the general public will understand what START is, maybe we say EPA contractor or EPA START contractor

**Subject:** US Steel Chrome Release Maps and Photos

Hi all,

We have new content on the US Steel Chrome website. It's all private right now, but with the go ahead from OPA, **I'll make it public**. You'll have to log in to see all of these new things for now. Today's statement was also added.

**Two new maps:**

[https://response.epa.gov/sites/12130/files/Figure3\\_Sed%20Sample%20Locations.pdf](https://response.epa.gov/sites/12130/files/Figure3_Sed%20Sample%20Locations.pdf) Sediment sampling locations- not a satellite image

[https://response.epa.gov/sites/12130/files/Figure3\\_SW%20Sample%20Locations.pdf](https://response.epa.gov/sites/12130/files/Figure3_SW%20Sample%20Locations.pdf) Water sampling locations- not a satellite image

We can also leave the map (non-satellite) with just the drinking water intake and outfall

**New photos:**

[https://response.epa.gov/site/image\\_list.aspx?site\\_id=12130](https://response.epa.gov/site/image_list.aspx?site_id=12130)

There are two new photos added (both private right now). More coming shortly. I just wanted to get these approved so we get some stuff up asap

Thank you,

Kristina Behnke
